

Creditors' Rights Litigation

Our team represents lenders, insurance carriers and landlords in reorganization and litigated insolvency matters throughout the U.S. and abroad in both bankruptcy and non-bankruptcy courts. The combination of our expertise in creditors' rights with our highly skilled commercial litigation practice allows the seamless representation of clients, regardless of the issues they are facing. Our litigation experience includes pre- and post-judgment actions including a variety of claims involving lender liability actions, receiverships, rent sequestration, replevin, garnishment, attachment, fraudulent transfer and judgment enforcement. Together with our clients, we design an optimal strategy for advocacy and representation.
