

## Electronic Discovery

E-Discovery has become a routine component of any litigation or regulatory proceeding or investigation. The proper preservation and collection of discoverable material along with the efficient review, processing, and production of those materials is vital. These considerations are in play whether you are a sophisticated company involved in multi-million dollar litigation or a spouse in a divorce action. Bressler's e-Discovery team provides our clients with individualized, efficient and cost-effective solutions for all aspects of information management and e-Discovery. Our breadth of experience enables us to provide tailored solutions that meet our clients' needs.
