Bressler's team successfully advises emerging companies and entrepreneurs on mergers and acquisitions transactions. We aim to provide innovative solutions to complex legal issues in a cost-effective and client-oriented manner and regularly advise acquiring and selling companies, boards, financial advisors, and majority and minority shareholders.

Our attorneys have been involved in every aspect of M&A transactions, including private and public mergers, stock and asset purchases and sales, management buyouts, spin-offs, tax-free reorganizations, and other transactions.

At the heart of our M&A practice are seasoned, savvy, and business-minded lawyers with a profound understanding of the business, tax, and legal considerations that motivate our clients. Our Mergers and Acquisitions attorneys work hand-in-hand with our Corporate and Commercial Transactions attorneys and Capital Markets and Securities attorneys to ensure that all facets of a transaction are handled to the highest standards.
