## Houston Business Journal – Chamberlain Hrdlicka plans \$6M update at Allen Center headquarters to accommodate growth

### Chamberlain Hrdlicka's continued growth in Texas drives strategic office renovations in Houston and San Antonio

August 4, 2023

A recent Houston Business Journal article discusses the strategic renovation currently underway at Chamberlain Hrdlicka's long-term headquarters at Two Allen Center to accommodate our continued growth in Houston. Just in 2023, the firm has added 12 attorneys, bringing the local office's headcount to 90 lawyers.

"Our midsize, entrepreneurial firm offers a unique opportunity for up-and-coming attorneys to flourish and quickly develop their practices with the guidance of experienced mentors, allowing us to attract exceptional legal talent," said Larry Campagna, managing shareholder for Chamberlain Hrdlicka. "Ambitious young attorneys appreciate hands-on experience working with our clients, who expect both the high-level expertise typically found in larger law firms and the personalized service that our midsize firm delivers."

When completed this fall, the \$6 million Houston renovation project will create a collaborative and functional space for the way attorneys work today. It will include community amenities and will bring more natural light into the space.

To accommodate our growth in San Antonio, Chamberlain Hrdlicka has also increased its footprint in San Antonio's Weston Centre and is implementing strategic renovations to that office, expected to be completed in late September.
